
Title: Subject Regency Speech

Duchess Molly Willow

First of all I would like to thank you for the nomination. We have been through some hard times and some great times. We will return to those great times again no matter who is at the helm. I am proud to say that I supported my esteemed opponent in the last elections and hold him in high regard. I consider him a friend and feel he would make a great leader. I will be proud to compete with him for this position.

I will begin by saying that I have been with the Regency since it's inception and have always been loyal. I believe in what we stood for in the past and what we stand for now and will in the future. We are a broad based group of guilds seeking to improve our lands, serve Lord British and uphold his laws. Lord British commissioned us in the beginnings and upon his return verified that we should remain as his hand in our land, to help govern the everyday responsibilities he cannot personally attend to himself and I feel we should remain as such.

As in any group there is conflicting views but it is

paramount that we deal
with our differences in a
civil and proper manner
and present a united
front to the world. We
all wish to improve the
Regency and bring it back
to its former greatness.
I extend to focus on
doing just that should I
be elected. We will need
to bring in new members
and bring back those that
have left for various
reasons.

We are needed to
protect the innocent of
the realm and to aid
those that ask for our
help. Turning a blind eye
to the rabble and allowing
havoc to reign is not
what we are all about.
When all means of
negotiations fail as they
do from time to time we
will stand united against
the dark and shady
forces in this realm and
good will not only survive
but flourish. We will
protect those that need
us and we will not back
down from a fight for
the right.

We need to become more
visible in the community
as well. I would like to
propose that those
members of the Regency
with guild titles carry
the symbol in their title
using the Regency insignia
as part of their title so
all will know and stand
proud as members. This
symbol I have carried
since I became a member.
(=B=) It will not only
draw questions but will
give all the opportunity
to say who we are and
what we are all about.

I will also encourage and
plan events large and

small to aid the innocent
and involve the community.
Caravans, trade between
cities, tournaments,
awards ceremonies, balls,
tavern nights, and
festivals all will bring in
the local populous and
they will see we are alive
and active and willing to
be part of the community
as a whole.

I will encourage
recruitment drives hosting
them for the entire
community to bring in
new members to the
entire realm opening up
new avenues and new
guilds. I would also like to
see a school reactivated
or instituted to help the
newest members of our
community grow in
knowledge. Without new
blood we become
complacent and there are
no new challenges.

I would also like to
institute or renew the
idea of a Grand Assembly.
RedWind's proposal is
what I have in mind for
the future. We need in
our community a central
place to go to deal with
the everyday running and
governing of our
community as a whole. A
summit every two months
to come together and
discuss any issues that
need to be addressed. As
urgent needs arise we
should have a panel to
address them and decide
if a emergency summit
should be called to deal
with them. There would
be no leaders only
moderators and panel
members on a rotating
basis to keep it fair to
all.

Law enforcement would be

up to the individual guilds
not to the main body.
Laws would be set as
generalities not set in
stone. Each infraction
would be dealt with on an
individual basis in the
best interest of the
community at large.
Major events would have
a place to be coordinated
and discussions of
semantics would be dealt
with in this forum. Each
group would have a
representative weather
light dark or neutral all
with an equal voice and
vote. It would not be a
popularity contest nor
would it be a complaint
session but would be a
productive place to sit
and face the needs of
the community and a
place to exchange ideas.

Those are some of the
ideas I will put into
action should I be elected
Regent. Others will have
a forum to share their
ideas as well within our
meetings. I would like
each guild to bring
reports of how their
guilds are doing to the
meetings and if they need
help with everyday
problems or need military
support that would be a
way to make that known
to all. The door would
always be opened to the
Regents office figuratively
speaking and to the small
council members for any
of the members of the
Regency to discuss
problems and help find
solutions for those
problems.

I am a firm believer in
delegating authority so be
prepared to be asked to
show your support by
helping with various duties
within the Regency. It is

your organization and we all need to participate in its leadership.

Now a little about me. I have been a member of this community for more years than I can count. My humble beginnings were in Minoc. I learned the skills of a smith and miner. After a year or more alone in the mines, I started traveling to Britain to sell my wares everyday. On a trip there one sunny afternoon I ran into who I thought was a thief or worse. He called to me and asked me to join him in conversation. Yes I ran like the wind for the safety of the Britain guard zone. He convinced me that he was on the up and up so I followed him to his guild house in Felucca. There was no Trammel. Rumors were just being heard about a place called Delucca and Malas and Isilnir were undiscovered. Yes, I have been here a long, long time.

I joined that guild and began a journey that has been rewarding, exciting and frightening at times. I was taught the ways of the Community by such names as Gromph, Aleph, Greypawn, Rainbow King, Sunwolf, and many others. I moved to Rivendell and later to a home south of the hedge maze on the outskirts of Rivendell. I joined 2ST and then left to join BWC, which I later became their leader. I have always been a leader or member of the light. I lead the BWC back to its former greatness. We later changed directions and

became B(K. When the
Regency was established
we took the name of our
charge the hedge maze.

We called ourselves
Hedge's Run Barony or
HRB, When the Regency
asked us to take on
more responsibilities we
felt the name HRB was
too limiting so we took
the name of the royal
house we were awarded
by the Regent, The House
of the Gauntlet. I feel I
am well versed in the
running of the Regency. I
have held many positions
within and most recently
I am the Chamberlain,
which I have held at the
request of the past
three regents. I believe
my record stands for
itself. If I am elected
Regent I will be a leader
who will lead the Regency
to a new and renewed
time of greatness. This is
my pledge to you. It will
be your Regency and one
to be proud of.
